

Ben Gurion Father Of Modern Israel Jewish Lives

When people should go to the books stores, search introduction by shop, shelf by shelf, it is truly problematic. This is why we allow the book compilations in this website. It will definitely ease you to see guide Ben Gurion Father Of Modern Israel Jewish Lives as you such as.

By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best area within net connections. If you mean to download and install the Ben Gurion Father Of Modern Israel Jewish Lives, it is utterly simple then, past currently we extend the connect to buy and make bargains to download and install Ben Gurion Father Of Modern Israel Jewish Lives consequently simple!

An Uneasy Relationship Zvi Ganin 2005-03-01 Set in the first decade of modern Israel's existence, this volume offers an insightful look at the changing relationship of American Jews and the reborn Jewish nation/state. It is the first in-depth analysis of the subject during this key period. As the Cold War rages, leaders in all camps are shown attempting to shape and control the tangled circumstances that engulf them especially American Jewish Committee president Jacob Blaustein, Israeli founding father David Ben-Gurion, and American presidents Harry S. Truman and Dwight D. Eisenhower. Tapping into private correspondence, diaries, oral history interviews, scholarly literature and other archival materials, Zvi Ganin provides a richly detailed look at motivations, passions, and attitudes of Jewish and Israeli leaders on numerous issues none more affecting than in the stormy debate over dual loyalty.

Is the Idea of a Jewish State Anachronistic, Based on 19th Century Ideology, and Incompatible with 21st Century Values? Kathrin Nina Wiedl 2007-11 Essay from the year 2006 in the subject Politics - International Politics - Region: Near East, Near Orient, grade: 1,7, Ben Gurion University (Middle East Institute), course: Politics and Society of Israel, 32 entries in the bibliography, language: English, comment: This essay examines the question, if the idea of a Jewish state, based on 19th century ideology, is anachronistic and incompatible with 21st century values. It differentiates between a Jews' state in a non-religious, national meaning and a Jewish state. It aims to proof, that a Jews' State is not contradicting 21st century values, such as personal freedom, human rights, civil rights and minority rights and essential for the guarantee of these rights, inside and outside of Israel., abstract: When we look at the contemporary discussions inside and outside Israel, we see a tendency to question the right of Israel to exist as a Jewish State. This criticism comes from two different perspectives. On the one hand it is questioned if a Jewish State - defined by the law of Halakha in important personal matters like marriage and divorce and in several public affairs, such as no public transportations on Shabbat - is contradicting individual rights, such as freedom of religion and women's rights. On the other hand it is questioned if the idea of a Jewish State is compatible with the value of democracy, equal citizen rights for all citizens - including the Arab Israelis - and incompatible with human rights. This essay aims to prove that a Jewish State is an essential part of the world community in order to ensure human rights inside and outside of Israel and justified from the perspective of 21st century values. In order to make this point, we have to examine three things: First: Are the values that led to the Zionist demand of a homeland for the Jewish people still values of the 21st century and is this demand still justified? Second: Does the Idea of a Jewish State contradict the values of the 21st century?

Israel at Sixty Deborah Hart Strober 2008-02-11 Based on extensive interviews, Israel at Sixty presents a balanced, comprehensive account of this complex and amazing land. It re-creates historic events from the actions of Israel's founding visionaries through the ravages of six wars with its Arab neighbors to its growing strength and international stature and efforts to make permanent peace with its adversaries. Complete with more than fifty previously unpublished photos, Israel at Sixty is a beautiful keepsake for anyone who loves, respects, and supports the Jewish state.

Jabotinsky's Children Daniel Kupfert Heller 2019-11-19 How interwar Poland and its Jewish youth were instrumental in shaping the ideology of right-wing Zionism By the late 1930s, as many as fifty thousand

Polish Jews belonged to Betar, a youth movement known for its support of Vladimir Jabotinsky, the founder of right-wing Zionism. Poland was not only home to Jabotinsky's largest following. The country also served as an inspiration and incubator for the development of right-wing Zionist ideas. Jabotinsky's *Children* draws on a wealth of rare archival material to uncover how the young people in Betar were instrumental in shaping right-wing Zionist attitudes about the roles that authoritarianism and military force could play in the quest to build and maintain a Jewish state. Recovering the voices of ordinary Betar members through their letters, diaries, and autobiographies, Jabotinsky's *Children* paints a vivid portrait of young Polish Jews and their turbulent lives on the eve of the Holocaust. Rather than define Jabotinsky as a firebrand fascist or steadfast democrat, the book instead reveals how he deliberately delivered multiple and contradictory messages to his young followers, leaving it to them to interpret him as they saw fit. Tracing Betar's surprising relationship with interwar Poland's authoritarian government, Jabotinsky's *Children* overturns popular misconceptions about Polish-Jewish relations between the two world wars and captures the fervent efforts of Poland's Jewish youth to determine, on their own terms, who they were, where they belonged, and what their future held in store. Shedding critical light on a vital yet neglected chapter in the history of Zionism, Jabotinsky's *Children* provides invaluable perspective on the origins of right-wing Zionist beliefs and their enduring allure in Israel today.

The Jewish State: The Struggle For Israel's Soul Yoram Hazony 2000-05-07 Argues that Post-Zionism, a cultural and political revolt, is aiming to dismantle Israel's legal and moral standing as the Jewish state.

Theodor Herzl Derek Jonathan Penslar 2020-02-18 From the prizewinning Jewish Lives series, a masterful new biography of Theodor Herzl by an eminent historian of Zionism "An excellent, concise biography of Theodor Herzl, architect of modern Zionism. . . . An exceptionally good, highly readable volume."--Publishers Weekly, starred review "An engrossing account of a leader who, by converting despair into strength, gave an exiled people both political purpose and the means to attain it."--Benjamin Balint, Wall Street Journal The life of Theodor Herzl (1860-1904) was as puzzling as it was brief. How did this cosmopolitan and assimilated European Jew become the leader of the Zionist movement? How could he be both an artist and a statesman, a rationalist and an aesthete, a stern moralist yet possessed of deep, and at times dark, passions? And why did scores of thousands of Jews, many of them from traditional, observant backgrounds, embrace Herzl as their leader? Drawing on a vast body of Herzl's personal, literary, and political writings, historian Derek Penslar shows that Herzl's path to Zionism had as much to do with personal crises as it did with antisemitism. Once Herzl devoted himself to Zionism, Penslar shows, he distinguished himself as a consummate leader--possessed of indefatigable energy, organizational ability, and electrifying charisma. Herzl became a screen onto which Jews of his era could project their deepest needs and longings. About Jewish Lives: Jewish Lives is a prizewinning series of interpretative biography designed to explore the many facets of Jewish identity. Individual volumes illuminate the imprint of Jewish figures upon literature, religion, philosophy, politics, cultural and economic life, and the arts and sciences. Subjects are paired with authors to elicit lively, deeply informed books that explore the range and depth of the Jewish experience from antiquity to the present. In 2014, the Jewish Book Council named Jewish Lives the winner of its Jewish Book of the Year Award, the first series ever to receive this award. More praise for Jewish Lives: "Excellent." - New York times "Exemplary." - Wall St. Journal "Distinguished." - New Yorker "Superb." - The Guardian

Jewish Identity: Modern Responsa and Opinions on the Registration of Children of Mixed Marriages Baruch Litvin 1965

The Shaping of Israeli Identity Robert Wistrich 2014-03-05 A dozen essays document the evolution of national myths in Israel as the heroic figures and events of independence and survival transmute into blind fanaticism, great-power manipulation, and traditional colonialism and genocide. Without passing any judgement on the changes, they delve into the meani

Homeland Marv Wolfman 2007 In graphic novel format, presents four thousand years of Jewish history culminating in the modern state of Israel.

They Came from Everywhere Robert St. John 1962

Links in the Chain Naomi Pasachoff 1997-12-18 "Judaism, or that which has united the successive generations of Jews into one people, is not only a religion; it is a dynamic religious civilization."--Mordecai Menachem Kaplan, from *Questions Jews Ask* (1956) In assessing what their Jewish identities mean to them, Jews today sometimes describe themselves as links in a chain of tradition that stretches back to biblical times. In this collection of biographies of Jewish thinkers from ancient times to the present, the links in that chain come to life through the dramatic stories of 41 shapers of Jewish tradition. From Hillel,

whose teaching more than twenty centuries ago set Judaism on its post-biblical course, to Yitzhak Rabin, the Noble Peace Prize-winning Prime Minister of Israel who helped to broker a peace settlement between the Israelis and the Palestinians, these men and women all left an indelible mark on Jewish practice, scholarship, or nationalism. In individual biographical essays, Naomi Pasachoff explores the contributions of philosophers, poets, and philanthropists; of mystics, statesmen, and scholars; of religious organizers and Zionist leaders. In so doing she uncovers surprising facts about well-known figures. For example, Theodor Herzl is widely honored as the father of the modern state of Israel, but did you know that he once dreamed of leading all the Jews of Vienna to St. Stephan Cathedral to undergo mass baptism? Readers who recognize Rashi as the most famous of all biblical commentators may be startled to learn that his concise style was a function of his tight budget. The book includes suggestions for further reading, an appendix, a glossary, and an index. Illustrations and photographs accompany the text, and a biographical fact box for each profile provides for easy reference. All these features make *Links in the Chain* an ideal introduction to Jewish role models for younger readers and a vital reference for all interested in Jewish history. Moreover, the book is a reminder that Jewish tradition is still evolving and that each reader has the potential to contribute to it. 41 extended essays profile the lives and contributions of Jewish heroes, including: Johanan ben Zakkai, the spiritual and intellectual leader who reshaped Jewish life after the destruction of the Temple in 70 C.E. Dona Gracia Nasi, the outstanding 16th-century leader who led the equivalent of an underground railroad to lead fugitive Marranos to safety. Rebecca Gratz, said to have been the model for the character Rebecca in Walter Scott's *Ivanhoe*, who spearheaded the development of Jewish Sunday schools in the United States. Leopold Zunz, whose transformation of Jewish scholarship in the 19th century ultimately led to the existence of Judaica departments and programs in major universities. Lily Montagu, whose unsatisfying Orthodox childhood as a child of privilege in Victorian England transformed her into a 20th-century leader of British and world liberal Judaism. Isaac Mayer Wise, the early leader of Reform Judaism in the United States, who conceived of and helped bring into existence many of the institutions of contemporary American Judaism. Eliezer Ben Yehudah, the father of modern Hebrew, who nearly singlehandedly transformed Hebrew from an ancient religious language into a spoken modern one.

The Pen And The Sword Mik??'l Qeren 1989-07-26

The Israelis: Founders and Sons Amos Elon 2019-08-16 “Superb... The first critical analysis of Israel written from within... It's a deliberate act of self-awareness, exploring how a people got where they are.” — *Time* “The most illuminating, even-handed, candid appraisal of the contemporary Jewish condition yet to appear” — *Newsweek* “[A] penetrating, profound, explosive essay-analysis of the Israelis and the Jews... Elon is that very rare writer of contemporary history who can sincerely and honestly see and sympathize with the irreconcilable forces of so suicidal a death-embrace as the Israeli-Arab struggle... a moving, enlightening, stimulating book... this book is a beacon.” — David Schoenbrun, *The New York Times* “Amos Elon should be praised... he has written the most acute, even-handed portrait yet of the perennially controversial Israelis... he has created a portrait that is as complex as it is palpable.” — Roger Jellinek, *The New York Times* “An instant bestseller in Hebrew, and in English from 1971, it became required reading in schools and mirrored the lives of Israelis.” — *The Guardian* “[A] superb book” — *The Nation* “Amos Elon's *The Israelis* stands out as a uniquely valuable book” — *Commentary Magazine*
Arrows in the Dark (Volumes 1 and 2) Tuvia Friling 2005-07-25 *Arrows in the Dark* recounts and analyzes the many efforts of aid and rescue made by the Jewish community of Palestine—the Yishuv—to provide assistance to European Jews facing annihilation by the Nazis. Tuvia Friling provides a detailed account of the activities carried out at the behest of David Ben-Gurion and the Yishuv leadership, from daring attempts to extract Jews from Nazi-occupied territory, to proposals for direct negotiations with the Nazis. Through its rich array of detail and primary documentation, this book shows the wide scope and complexity of Yishuv activity at this time, refuting the idea that Ben-Gurion and the Yishuv ignored the plight of European Jews during the Holocaust.

Ben-Gurion Looks at the Bible David Ben-Gurion 1972 Drawing from the Bible, the former Israeli prime minister discusses the turbulent history of the Jewish people and their destiny

Moshe Dayan Mordechai Bar-On 2012-06-26 Instantly recognizable with his iconic eye patch, Moshe Dayan (1915–1981) was one of Israel's most charismatic—and controversial—personalities. As a youth he earned the reputation of a fearless warrior, and in later years as a leading military tactician, admired by peers and enemies alike. As chief of staff during the 1956 Sinai Campaign and as minister of defense during the 1967 Six Day War, Dayan led the Israel Defense Forces to stunning military victories. But in

the aftermath of the bungled 1973 Yom Kippur War, he shared the blame for operational mistakes and retired from the military. He later proved himself a principled and talented diplomat, playing an integral role in peace negotiations with Egypt. In this arresting biography, Mordechai Bar-On, Dayan's IDF bureau chief, offers an intimate view of Dayan's private life, public career, and political controversies, set against an original analysis of Israel's political environment from pre-Mandate Palestine through the early 1980s. Drawing on a wealth of Israeli archives, accounts by Dayan and members of his circle, and firsthand experiences, Bar-On reveals Dayan as a man unwavering in his devotion to Zionism and the Land of Israel. Moshe Dayan makes a unique contribution to the history of Israel and the complexities of the Arab-Israeli conflict.

Who's who in Jewish History Joan Comay 1974 This book ranges over twenty centuries of Jewish history, from the Hasmonean dynasty to modern Israel. Here listed are the scholars, courtiers, and martyrs who have shaped that saga; individual Jews celebrated in the society of their times; and the non-Jewish emperors, statesmen, popes and tyrants who have left their mark on the Jewish people for good or evil. -- Publisher description.

David Ben-Gurion and the Jewish Renaissance Shlomo Aronson 2010-11-01 This book offers a reappraisal of David Ben-Gurion's role in Jewish-Israeli history from the perspective of the twenty-first century, in the larger context of the Zionist 'renaissance', of which he was a major and unique exponent. Some have described Ben-Gurion's Zionism as a dream that has gone sour, or a utopia doomed to be unfulfilled. Now - after the dust surrounding Israel's founding father has settled, archives have been opened, and perspective has been gained since Ben-Gurion's downfall - this book presents a fresh look at this statesman-intellectual and his success and tragic failures during a unique period of time that he and his peers described as the 'Jewish renaissance'. The resulting reappraisal offers a new analysis of Ben-Gurion's actual role as a major player in Israeli, Middle Eastern, and global politics.

Israel Anita Shapira 2015-02-26 Written by one of Israel's most notable scholars, this volume provides a breathtaking history of Israel from the origins of the Zionist movement in the late 19th century to the present day. Anita Shapira's gripping narrative explores the emergence of Zionism in Europe against the backdrop of relations among Jews, Arabs and Turks, and the earliest pioneer settlements in Palestine under Ottoman rule. Weaving together political, social and cultural developments in Palestine under the British mandate, Shapira creates a tapestry through which to understand the challenges of Israeli nation-building, including mass immigration, shifting cultural norms, the politics of war and world diplomacy, and the creation of democratic institutions and a civil society. References to contemporary diaries, memoirs and literature bring a human dimension to the story of Israel, from its declaration of independence in 1948 through successive decades of waging war, negotiating peace, and building a modern state with a vibrant society and culture. Based on archival sources and the most up-to-date scholarly research, this authoritative history is a must-read for anyone with a passionate interest in Israel and the Middle East. **ISRAEL: A HISTORY** will be the gold standard in the field for years to come.

Ben-Gurion Anita Shapira 2014-01-01 David Ben-Gurion cast an enormous shadow across his world, and his legacy in the Middle East and beyond continues to be hotly debated to this day. There have been many books written about the life and accomplishments of the Zionist icon and founder of modern Israel, but this new biography by eminent Israeli historian Anita Shapira is the first to get to the core of the complex man who would become the face of a new nation. Shapira tells the Ben-Gurion story anew, focusing especially on the period in 1948 immediately following Israel's declaration of independence, a time few historians have concentrated on and none have explored in such intimate detail. Through her intensive research and access to Ben-Gurion's personal archives and rarely viewed documents and letters, the author gained powerful insights into his private persona. Her fascinating literary portrait of David Ben-Gurion bares the flesh-and-blood man inside the influential historical figure who brought the Zionist dream to full fruition.

Zionism's Redemptions Arie Saposnik 2021-11-18 Zionism combined dialogues with Jewish, Christian, and secular messianisms to create a politics based in redemptive visions of its own.

The Invention of Jewish Theocracy Alexander Kaye 2020 "This book is about the attempt of Orthodox Jewish Zionists to implement traditional Jewish law (halakha) as the law of the State of Israel. These religious Zionists began their quest for a halakhic state immediately after Israel's establishment in 1948 and competed for legal supremacy with the majority of Israeli Jews who wanted Israel to be a secular democracy. Although Israel never became a halachic state, the conflict over legal authority became the backdrop for a pervasive culture war, whose consequences are felt throughout Israeli society until today.

The book traces the origins of the legal ideology of religious Zionists and shows how it emerged in the middle of the twentieth century. It further shows that the ideology, far from being endemic to Jewish religious tradition as its proponents claim, is a version of modern European jurisprudence, in which a centralized state asserts total control over the legal hierarchy within its borders. The book shows how the adoption (conscious or not) of modern jurisprudence has shaped religious attitudes to many aspects of Israeli society and politics, created an ongoing antagonism with the state's civil courts, and led to the creation of a new and increasingly powerful state rabbinate. This account is placed into wider conversations about the place of religion in democracies and the fate of secularism in the modern world. It concludes with suggestions about how a better knowledge of the history of religion and law in Israel may help ease tensions between its religious and secular citizens"--

Yitzhak Rabin Itamar Rabinovich 2017-01-01 Prologue. Yitzhak Rabin's death, Yitzhak Rabin's life -- The making of a soldier, 1922-1948 -- From Independence Day to the Six-Day War, 1949-1967 --

Ambassador to Washington, 1968-1973 -- First tenure, 1974-1977 -- Fall and rise, 1977-1992 -- Rabin's peace policy, 1992-1995 -- Politics, policy, incitement, and assassination, 1992-1995 -- Epilogue

The Birth of Israel, 1945-1949 Joseph Heller 2000 Joseph Heller tells the story of the complex and often conflicting political calculations that led directly to the founding of the independent Jewish state of Israel in the aftermath of World War II and the Holocaust. Examining the positions of many competing parties, he explains how and why the charismatic David Ben-Gurion prevailed: by shrewdly manoeuvring between radical extremes on the left and on the right, he says, Ben-Gurion managed to steer a successful middle-of-the-road policy in favour of partition.

A Promise Fulfilled Howard Greenfeld 2005-04-01 Presents an historical examination and review of the Zionist movement and the foundation of Israel in 1948, complete with sidebars, timeline, photographs, and index.

A State at Any Cost Tom Segev 2019-08-27 'Tom Segev's meticulously researched and most elegantly written new biography of David Ben-Gurion is a must for anybody interested in both the glorious and the dark pages of the history of Zionism and Israel, as reflected throughout the life and times of the Jewish State's most important founding father' Saul Friedländer, Pulitzer Prize-winning author of *Nazi Germany and the Jews* and *Where Memory Leads*. As the founder of Israel, David Ben-Gurion long ago secured his reputation as a leading figure of the twentieth century. Determined from an early age to create a Jewish state, he took control of the Zionist movement, declared Israel's independence, and navigated his country through wars, controversies and remarkable achievements. In this definitive biography, Tom Segev uses previously unreleased archival material to give an original, nuanced account that transcends the myths and legends that have built up around the man. He reveals Ben-Gurion's secret negotiations with the British on the eve of Israel's independence, his willingness to countenance the forced transfer of Arab neighbours, his relative indifference to Jerusalem, and his occasional eccentric moments – from UFO sightings to plans for Israel to acquire territory in South America. The result is a full and startling portrait of a man who sought a state 'at any cost' – at times through risk-taking, violence, and unpredictability, and at other times through compromise, moderation and reason. Segev's Ben-Gurion is neither a saint nor a villain but a twentieth-century leader whose iron will and complex temperament left a contentious legacy, and one of the world's most intractable national conflicts.

The Zionist Ideas Gil Troy 2018 The most comprehensive Zionist collection ever published, *The Zionist Ideas: Visions for the Jewish Homeland--Then, Now, Tomorrow* sheds light on the surprisingly diverse and shared visions for realizing Israel as a democratic Jewish state. Building on Arthur Hertzberg's classic, *The Zionist Idea*, Gil Troy explores the backstories, dreams, and legacies of more than 170 passionate Jewish visionaries--quadruple Hertzberg's original number, and now including women, mizrachim, and others--from the 1800s to today. Troy divides the thinkers into six Zionist schools of thought--Political, Revisionist, Labor, Religious, Cultural, and Diaspora Zionism--and reveals the breadth of the debate and surprising syntheses. He also presents the visionaries within three major stages of Zionist development, demonstrating the length and evolution of the conversation. Part 1 (pre-1948) introduces the pioneers who founded the Jewish state, such as Herzl, Gordon, Jabotinsky, Kook, Ha'am, and Szold. Part 2 (1948 to 2000) features builders who actualized and modernized the Zionist blueprints, such as Ben-Gurion, Berlin, Meir, Begin, Soloveitchik, Uris, and Kaplan. Part 3 showcases today's torchbearers, including Barak, Grossman, Shaked, Lau, Yehoshua, and Sacks. This mosaic of voices will engage equally diverse readers in reinvigorating the Zionist conversation--weighing and developing the

moral, social, and political character of the Jewish state of today and tomorrow.

Ben-Gurion's Political Struggles, 1963-1967 Zaki Shalom 2006 An essential insight into this central figure in the modern history of Israel and Zionism. This important new study explores the years that built up to the Six Day War and details the crucial issues and events the world is still grappling with today. This book traces Daniel Ben-Gurion's waning years in Israeli politics. After his resignation from the office of prime minister in 1963, the 'Old Man' soon lost faith in his self-chosen successor, Levi Eshkol, and ceaselessly tried to undermine the latter's premiership, eventually forming a breakaway party. The events leading up to the Six-Day War in June 1967 caught Ben-Gurion by surprise. During the weeks-long 'waiting period' prior to the outbreak of hostilities, he paid little attention to daily security issues. But when war did erupt, he displayed one of his key leadership skills – the ability to formulate an accurate, independent situation assessment. It will be of interest to scholars working in Israeli politics and history, this is a lucid, thoroughly researched account of the sunset years of the driving force behind the Israeli nation-state. The Imaginary Voyage Shimon Peres 1999 Ex Israeli Premier Shimon Peres takes us on an imaginary trip around Israel with Zionist leader Theodore Herzl. Together they contrast their impressions of this young country.

The Jew in the Modern World Paul R. Mendes-Flohr 1995 The last two centuries have witnessed a radical transformation of Jewish life. Marked by such profound events as the Holocaust and the establishment of the state of Israel, Judaism's long journey through the modern age has been a complex and tumultuous one, leading many Jews to ask themselves not only where they have been and where they are going, but what it means to be a Jew in today's world. Tracing the Jewish experience in the modern period and illustrating the transformation of Jewish religion, culture, and identity from the 17th century to 1948, the updated edition of this critically acclaimed volume of primary materials remains the most complete sourcebook on modern Jewish history. Now expanded to supplement the most vital documents of the first edition, The Jew in the Modern World features hitherto unpublished and inaccessible sources concerning the Jewish experience in Eastern Europe, women in Jewish history, American Jewish life, the Holocaust, and Zionism and the nascent Jewish community in Palestine on the eve of the establishment of the State of Israel. The documents are arranged chronologically in each of eleven chapters and are meticulously and extensively annotated and cross-referenced in order to provide the student with ready access to a wide variety of issues, key historical figures, and events. Complete with some twenty useful tables detailing Jewish demographic trends, this is a unique resource for any course in Jewish history, Zionism and Israel, the Holocaust, or European and American history.

Ben-Gurion Shimon Peres 2011-10-25 Part of the Jewish Encounter series Israel's current president gives us a dramatic and revelatory biography of Israel's founding father and first prime minister. Shimon Peres was in his early twenties when he first met David Ben-Gurion. Although the state that Ben-Gurion would lead through war and peace had not yet declared its precarious independence, the "Old Man," as he was called even then, was already a mythic figure. Peres, who came of age in the cabinets of Ben-Gurion, is uniquely placed to evoke this figure of stirring contradictions—a prophetic visionary and a canny pragmatist who early grasped the necessity of compromise for national survival. Ben-Gurion supported the 1947 United Nations Partition Plan for Palestine, though it meant surrendering a two-thousand-year-old dream of Jewish settlement in the entire land of Israel. He granted the Orthodox their first exemptions from military service despite his own deep secular commitments, and he reached out to Germany in the aftermath of the Holocaust, knowing that Israel would need as many strong alliances as possible within the European community. A protégé of Ben-Gurion and himself a legendary figure on the international political stage, Shimon Peres brings to his account of Ben-Gurion's life and towering achievements the profound insight of a statesman who shares Ben-Gurion's dream of a modern, democratic Jewish nation-state that lives in peace and security alongside its Arab neighbors. In Ben-Gurion, Peres sees a neglected model of leadership that Israel and the world desperately need in the twenty-first century.

The Jewish State Theodor Herzl 2022-05-28 The Jewish state is a political rumination by Theodor Herzl. The author endeavored to offer a Jewish perspective and solution to the problematics surrounding the Jews during that era.

Making Israel Benny Morris 2007-11-26 Benny Morris is the founding father of the New Historians, a group of Israeli scholars who have challenged long-established perceptions about the origins of the Israeli-Palestinian conflict. Their research rigorously documented crimes and atrocities committed by the Israeli armed forces, including rape, torture, and ethnic cleansing. With Making Israel, Morris brings

together the first collection of translated articles on the New History by leading Zionist and revisionist Israeli historians, providing Americans with a firsthand view of this important debate and enabling a better understanding of how the New Historians have influenced Israelis' awareness of their own past. "The study of Israeli history, society, politics, and economics over the past two decades has been marked by a fierce and sometimes highly personal debate between 'traditionalists'---scholars who generally interpreted Israeli history and society within the Zionist ethos---and 'revisionists'---scholars who challenged conventional Zionist narratives of Israeli history and society. Making Israel brings together traditionalists and revisionists who openly and directly lay out their key insights about Israel's origins. It also introduces multidisciplinary perspectives on Israel by historians and sociologists, each bringing into the debate its own jargon, its own epistemology and methodology, and its own array of substantive issues. This is essential reading for anybody who wants to understand the different interpretations of Israeli society and perhaps the central debate among students of modern Israel." ---Zeev Maoz, Professor of Political Science at the University of California, Davis, and Distinguished Fellow at the Interdisciplinary Center, Herzliya "Israel's 'new historians' have done a great service to their country, and to all who care about the Arab-Israeli conflict. By challenging myths, reexamining evidence, and asking truly important questions about the past they help to confront the present with honesty and realism. This book provides a sampling of the best of what these courageous voices have to offer." ---William B. Quandt, University of Virginia Benny Morris is Professor of Middle East history at Ben-Gurion University in Beersheba, Israel, and is the author of *Righteous Victims: A History of the Zionist-Arab Conflict, 1881-1999*.

Like Stars and Dust David Ben-Gurion 1997

Immigrants in Turmoil Dvora Hacoen 2003-04-01 May 1948: a dramatically reborn Israel put out the call for Jews to return to their new homeland. Between 1948 and 1951, over one million Jews from disparate nations across the world converge upon Israel, doubling its population and creating a unique, exhilarating socio-cultural quilt. But ramifications upon Israeli society and nationhood would be profound and long lasting. The new immigrants who were granted citizenship and the right to vote upon their arrival in Israel had an immense impact on Israeli politics. The relationship that developed then between immigrants and veteran Israelis left their mark on society and culture, creating fault lines that have deepened over the years: the ethnic rift between Jews of European extraction and those from Islamic countries, the rupture between religious and secular Jews, and the socio-economic polarization that ensued from these rifts. Most stunningly, Dvora Hacoen uncovers revelations about the inconsistency between grand ambitions to activate an "ingathering of exiles" and the nation's ability to handle such an event. She argues that the tidal wave of immigration in 1948 was not spontaneous as supposed, and Jewish agency executives and government officials favored gradual selective immigration over the open door policy that prevailed. She also explores the fate of Palestinian Jews and the roles played by various internal and global factions and adverse Arab neighbors.

Ben-Gurion, Prophet of Fire Dan Kurzman 1983

The Question of Zion Jacqueline Rose 2005 Zionism was inspired as a movement--one driven by the search for a homeland for the stateless and persecuted Jewish people. Yet it trampled the rights of the Arabs in Palestine. Today it has become so controversial that it defies understanding and trumps reasoned public debate. So argues prominent British writer Jacqueline Rose, who uses her political and psychoanalytic skills in this book to take an unprecedented look at Zionism--one of the most powerful ideologies of modern times. Rose enters the inner world of the movement and asks a new set of questions. How did Zionism take shape as an identity? And why does it seem so immutable? Analyzing the messianic fervor of Zionism, she argues that it colors Israel's most profound self-image to this day. Rose also explores the message of dissidents, who, while believing themselves the true Zionists, warned at the outset against the dangers of statehood for the Jewish people. She suggests that these dissidents were prescient in their recognition of the legitimate claims of the Palestinian Arabs. In fact, she writes, their thinking holds the knowledge the Jewish state needs today in order to transform itself. In perhaps the most provocative part of her analysis, Rose proposes that the link between the Holocaust and the founding of the Jewish state, so often used to justify Israel's policies, needs to be rethought in terms of the shame felt by the first leaders of the nation toward their own European history. For anyone concerned with the conflict in Israel-Palestine, this timely book offers a unique understanding of Zionism as an unavoidable psychic and historical force.

Memoirs: David Ben-Gurion David Ben-Gurion 1970 "Based on a series of interviews with Ben-Gurion

during the filming of the Covenant Communications Corporation production of Forty-two six."

Bibliography: p. [215]-216. Jacket price: 6.95.

Ben-Gurion Avi Shilon 2016-05-12 This is the first in-depth account of the later years of David Ben-Gurion (1886–1973), Israel's first Prime Minister and founding father. One of the first to sign Israel's declaration of independence and a leading figure in Zionism, Ben-Gurion stepped down from office in 1963 and retired from political life in 1970, deeply disappointed about the path on which the state had embarked and the process that brought about the end of his political career. He moved to a kibbutz in the Negev desert, where he lived until his death. Robbed of the public aura that had wrapped him for decades, his revolutionary passion, which was not weakened in his 80s, pushed him to continue seeking social and moral change in Israel, a political solution to the Israeli-Arab conflict, and to conduct a personal and national soul-searching about the development of the State he himself had declared. Based on his personal archives and new interviews with his intimate friends and family, the book reveals how the founding father explored the Israeli establishment he created and from which he later disengaged. It provides a thorough examination of the decisive moments in the annals of Zionism as revealed through the lens of Ben-Gurion's worldview, which are still relevant to present-day Israel.

Arthur Ruppin and the Production of Pre-Israeli Culture Etan Bloom 2011-03-18 Ruppin's immense contribution to the Zionist movement gave him the title "The Father of Jewish/Zionist settlement in Palestine." Nevertheless, the common narrative sets Ruppin's historical persona in an ambivalent position and suppresses his formative role and heritage. Part of the reason for this is that, in many ways, his history causes a crack to appear in the Zionist national "cover stories."
