The incredible popularity of Getting Things Done revealed people's need to take control of their own productivity with a system that reduces the stress of staying on top of it all. Around the world hundreds of certified trainers and coaches are engaged full time in teaching the process, supported by a grassroots movement of Meetup groups, LinkedIn groups, Facebook groups, podcasts, blogs and dozens of apps based on it. The Circle of Knowledge: A Classified, Simplified, Visualized Book of Answers Various 2022-06-02 The Circle of Knowledge is an informative book that was designed in 1917, to be both inspiring and entertaining. The book represents the modern, progressive spirit which fits that time, in its forms of expression and its editorship. The purpose of this work is to answer the why, who, what, when, where, how of the wide majority of curious minds, both young and adult, and encourage them to raise further questions. Special measures were taken in creating this work to isolate essentials from non-essentials; to differentiate human interest subjects of universal significance from those of little concern; to deliver living truths instead of dead vocabulary; and finally, to bring the whole within the knowledge of the intermediate reader, without regard to age, in an acceptable and exciting form. The use of visual outlines and tables; maps, drawings, and diagrams; the illustrated works of great painters, sculptors, and architects all are used to give the reader the valuable and cultural knowledge of past and present.
