Short-Term Rental, Long-Term Wealth Avery Carl 2021-10-12 From analyzing potential properties to effectively managing your listings, this book is your one-stop resource for making a profit with short-term rentals! Airbnb, Vrbo, and other listing services have become massively popular in recent years--why not tap into the goldmine? Whether you're new to real estate investing or you want to add a new strategy to your growing portfolio, vacation rentals can be an extremely lucrative way to add an extra income stream--but only if you acquire and manage your properties correctly. Traditional rental properties are a great way to create wealth, but short-term rentals can bring in five times more cash flow than their long-term rental counterparts. Avery Carl, CEO and Founder of the Short Term Shop, will show you how to identify, acquire, and manage a short-term rental from anywhere in the country, plus how to avoid common pitfalls and overcome limitations that keep many would-be investors from ever getting started! In this book, you'll learn how to: Identify the best markets for short-term rental investing Analyze the potential income and profitability of a short-term rental property Self-manage a short-term rental right from your smartphone Build a local boots-on-the-ground team for an out-of-state investment Automate your self-management systems Use the income from short-term rentals to scale your investment portfolio

How to Buy a House Mark Ferguson 2017-05-10 A house is the biggest purchase most people will ever make, but most people don't know the best way to buy a home. The book covers everything you need to know about the home buying and selling process so that you are not taken advantage of. including:- Deciding on how much money to spend on a house(don't let your lender or agent decide for you!)- Deciding whether you should buy or rent- How to get a great deal on a house that will build instant equity- How to get the best loan with less money down (if that is your goal) and the lower overall cost- How to find the best real estate agent and lender and why you need them- How the process works including inspections, appraisals, title insurance, mortgages, closings, escrows, HOAs, etc...- How to fix up your house and maintain it- How to find contractors to help you fix up your house- How to sell your house for the most money- When and if you should refinance your house- A glossary full of definitions for real estate terms- Plus bonus chapters on starting a career in real estate There has been a lot of talk about real estate being a bad

investment. Many financial and economic advisers suggest buying a home may be worse for your finances than renting. However, I think most people do not take the home buying or selling process seriously. They put all their faith in other people to get the right deal done for them. If you blindly buy a house based on what your real estate agent or lender tell you, it may not be a good investment! However, if you are able to find great deals, get a good loan, and take care of your home, real estate can be an incredible tool to build wealth. I am a real estate agent, and real estate investor who has done very well buying hundreds of houses. I try to teach what I know to others to help them make smarter and better decisions. If you know the right way to buy a home, it beats renting every time. There is a lot of information in this book, and depending on your real estate experience you may know some of it, or be familiar with a lot of it. I have created four sections with many chapters to make it easy to navigate. The first part of the book focuses on the bare basics of buying and selling houses, while the later sections go deeper into each aspect of real estate. I hope you enjoy the book and learn how to make your real estate purchases awesome investments.

Buy, Rent and Sell: How to Profit by Investing in Residential Real Estate Robert Irwin 2001-04-22 The time has never been better for investing in real estate, and this book arms the millions of investors who are returning

to real estate as an established instrument of wealth creation with surefire strategies for making a killing in the real estate market. Due to the pent-up demand for housing caused by the lull in housing starts during the 90s, as many as 11 million would-be American home-owners are currently vying for a rapidly dwindling pool of available properties. In *Buy, Rent, and Sell* Bob Irwin, one of America's most well-known and respected real estate author/experts, provides nuts-and-bolts advice and guidance on how to find good investment properties, how to successfully rent them, and how to quickly turn them around for a profit. Written in Irwin's trademark down-to-earth, jargon-free style, *Buy, Rent, and Sell* is an indispensable guide for novices as well as experienced real estate investors.

Magic Mirror Investing Larry Yakiwczuk 2016-07-31 Introduction In this book, we'll show you all the elements needed for real estate investment at two different levels. At the Basic level, you'll learn the fundamental knowledge needed for buying real estate. First, you need to separate the truths from the myths so you have a clear understanding of the subject before you start to jump onto the boat. Then we'll show you the process in a step-by-step order, such as where you can find deals, how to analyze deals, how to make an offer and finally how to close the deal. Of course, it's unlikely that you can succeed in this business all by yourself. That's why we'll also explain to you who you should partner up with. In the advanced topics, we'll show you more complicated concepts in real estate

investment as you're ready to take your investment to the next level. For instance, if buying a property isn't easy for a novice investor, renovating and managing one is definitely even more challenging. We'll show you what you can do to facilitate your property renovation and management and to protect yourself. Then, we'll explain the different ways real estate can earn you profits (i.e. profit centers), how you can sell a purchase contract instead of the underlying property (i.e. wholesaling), and how to profit while helping people in a "rent-to-own" arrangement (i.e. lease option). And the most interesting topic of all, we'll show you how you can invest in real estate without your own money! As you can see, real estate investment is more than just buy-and-hold; there are a lot more strategies available. But of course, more options also come with more potential for pitfalls. So, after finishing the book, you'll have the knowledge to devise an investment pathway that suits your own needs and preferences.

Summary: Buy, Rent & Hold BusinessNews Publishing 2013-02-15 The must-read summary of Robert Irwin's book : "Buy, Rent & Hold: How to Make Money in a "Cold" Real Estate Market". This complete summary of the ideas from Robert Irwin's book "Buy, Rent & Hold" shows that investing in real estate is deceptively simple. This summary explains that, all you need to know is summed up in the strategy Buy – Rent – Hold. That is: 1. Buy property when the market is tracking downwards before it reaches the bottom; 2. Rent your property aggressively to cover your carrying costs – the mortgage, maintenance, taxes, etc; and 3. Hold the property until the market reaches its peak, at which time you then sell. In essence, that's all there is to it. Of course, the difference between a theory and actual profits lies in the execution. Added-value of this summary: • Save time • Understand the key concepts • Increase your business knowledge To learn more, read "Buy, Rent, & Hold" and learn how to make big profits even

during today's economic slump!

The Real Estate Roadmap Daniel Hart 2020-04-27 This book outlines conservative methods for reproducing the financial success created by experienced residential real estate investors. These are methods that anyone can use to improve their quality of life and level of financial freedom, regardless of their current life situation. By following the same steps that other successful investors have already taken we can reliably duplicate their success. The knowledge in this book can be applied to any business, not just real estate. The skills taught here are of great value to any entrepreneur. The book begins by discussing essential life skills and disciplines that must be developed before you begin in business. It will progress from basic real estate theory to creative strategies, and then it will teach you how to generate the leads necessary to implement those strategies. After learning the science of marketing to sustain lead generation, the book will teach you about modern sales and negotiation tactics, two commonly overlooked business skills. It will then show you how to successfully convert those leads into deals by taking them all the way to closing. Finally, it examines the use of corporate entities to protect your profits, and how to lend your earnings to other real estate investors if you choose a more passive role in the business. Not everyone will begin this read with the same level of knowledge, so for those just beginning your business pursuits it will be important to take the time to read the information at the beginning of the book that precedes the real estate discussion. Even if you have business or real experience, and are familiar with a particular topic, there is always more to learn, and I promise that even the seasoned pro will walk away with some new nuggets of wisdom. When I began educating myself, the materials I read lacked the structure that I desired, which was an organized high level overview of the most popular, the most reproducible, and the most consistent and efficient investment strategies. I was not looking for the quickest way to get rich, but rather I was looking for the most reliable way to get rich. I wanted to know which methods returned the most value with the least amount of time. Most importantly, I was looking for strategies that would generate income that would replace what I earned at my 9 to 5 job. I suspect that this is what you are looking for as well. Only a few of the transactions that I explain will be examples, and the majority of the transactions shown are real life deals

that I have actually completed. There is no exaggeration or embellishment. This is truly a non-fiction book. However, some names and most addresses have been changed for privacy. It is important to note that the property values that we discuss may differ greatly from your region. While you may need to add another zero (or two) for your specific market, you more than likely can apply the same rules and formulas that we discuss. Do not be shocked by the low purchase prices mentioned. They are a product of both buying far below market value and relatively low median home prices in my region during the previous decade. While the values differ in every region, the formulas for success remain the same.

Investing in Rental Properties for Beginners Lisa Phillips 2018-08-13 This book is about investing in sub \$30k properties (under \$30,000) and becoming a wealthy real estate investor enjoying the profits now, rather than later ... with only 2-5 properties instead of hundreds or overly priced properties. This book on investing in rental properties for beginners is the foundation of what I've built 47,000 person social media platform on - helping the average person get involved in rental properties on an average income, and building the cash flow of their dreams with 2-5 properties. That's it. This will teach you (the ordinary investor) how to tailor your investment strategy to your pocketbooks (and no one else's). You don't need to ask your parents or friends for loans because the best approach to building a rental portfolio is by purchasing units in modest neighborhoods that offer really high rents (i.e. purchase a \$44,000 rental that earns \$1200 a month in rents). If being a real estate investor is your dream and being a landlord is not, this is the book for you! The author will personally take you through the steps she's used on over 560 people to build their dream income and lifestyle.

Real Estate Investing Jim Pellerin 2015-09-01 The mechanics of Real Estate Investing is simple: Buy a house and do something with it. Fix it and rent it, or just sell it. Sounds simple doesn't it? Yet only a small percentage of us have enough courage to go out and take advantage of the opportunities that are available to us. Real Estate Investing can be more promising than stocks, bonds and various other securities because of the higher rates of return. In this book I show you how to get started by describing the different types of skills you need, by showing you how to take control of your personal and financial situation and by helping you decide what type of real estate investing you want to get involved in. I also show you how to find properties, how to analyze them and how to make an offer that makes sense. And finally I describe what you need to do to manage your investment and ultimately how to sell your investment for the most profit. I have been involved in real estate investing for over 20 years. I have yet to find a book that focuses on the investor and the overall process. Sure, there are lots of books on fix and flips, buy, rent and hold, rent to own, etc. However, I haven't found any good books on how to really get started in the real estate investing process from a practical viewpoint. The technical aspects of real estate investing are really quite easy. But if it's so easy, then why isn't everyone doing it? This book is for people who

are serious about getting started in real estate investing and who want to join the 5% of those who actually take action and invest. This book provides a strategic approach with the tried and tested methods and principles that have helped others make millions in real estate.

Rental Property Investing 2 Books In 1 Robert Anderson 2020-02-12 This book will prepare you for all the expected and unexpected twists and turns of rental property investments. You will be equipped enough to get down to business and create a healthy and stable cash flow. More and more people are turning toward rental property investments as a monetary safety net for their future and retirement. Having a stable passive income gives you the freedom to do the things you love, and that's the kind of freedom we have helped you find. Many times, you want to just quit your job and start afresh with something new, but passion does not pay bills, but a healthy source of passive income, on the other hand, does. If you implement everything you will learn that you should have enough knowledge to get started on buying real estate properties that generate rental income. We have outlined all the information you could need to confidently speak to lenders, find properties that will offer the best value and how to stay in the driving seat at all times. From this point onward, you just need to stay on track and follow the footsteps of those who have successfully created thousands of dollars in positive cash flow through rental property investments. You have the information; you just need a plan now. Keep this book handy at all times and give each relevant chapter a read before you jump into the decision making process. The more you read through the information, the more sense it'll make. Know that each journey is different, and while this book has empowered you, it can only take you so far. You hold the reins to your success now... you just need to ride through it! Do you owe too much money? Are your debts crushing your spirit, embarrassing you, and stressing you out? You're not alone.

The good news is that you can fix that. And this book will show you how. The debt trap is a serious problem. Who is in her, has a real problem. But most people react like rabbits to snakes: they just stand there paralyzed and do nothing until they are eaten. Keep a clear head and always tell yourself: There is nothing that can not be solved. You have to get out of your own rigidity and tackle the problem before it eats you. As usual in life, every problem also offers a chance to do better. You just have to analyze it clearly. When I have a mountain of debt, I have to part with things and habits that have become dear. Of course, it is difficult for those who have always sat only at the fleshpots, now only to be allowed to spoon the soup. But this is the way out of the debt trap, and you want to get out of it. You're about to learn time-tested strategies for winning your battles with debt. And I'm also going to share with you some strategies for increasing your income, as well as some important precautions you can take to minimize the risk of unforeseen events ruining your plans.

Long-Distance Real Estate Investing David Greene 2017-12-14 Live where you want, and invest anywhere it makes sense. "It is a common misperception in real estate investing that you should buy only where you live. David Greene has put that myth to rest... This is a must-read for investors who want to expand their real estate empire nationwide." --David Osborn, bestselling author of *Wealth Can't Wait* Are you interested in real estate investing, but you live in a hot market that is not suited for buy and hold investing? Do you want to take advantage of wealth-building opportunities, but that seems impossible until the next market crash? Real estate investing is one of the greatest vehicles to build wealth, but it doesn't make sense in every market. Some locations provide incredible returns, while others make it almost impossible to find a single property that profits. Traditionally, investing out of state has been considered risky and unwise. But the rules, technology, and markets have changed: No longer are you forced to invest only in your backyard! In his book, real estate investor and police officer David Greene shows you exactly how he's built a multi-million dollar portfolio through buying, managing, and flipping out-of-state properties, often without ever even seeing the properties in person. David shares every tip, trick, and system he has put in place for over twenty rental properties, so you can avoid making mistakes and shorten your learning curve immensely! What's inside: How to assemble an all-star team to handle each aspect of a deal from A-Z. How to find great deals in any state, regardless of where you live. How to rehab a project from thousands of miles away without worry or complication. How to speak the language of the agents, contractors,

lenders, and property managers you will use. How to quickly and easily know which neighborhoods to buy, and which to pass in. How to choose the best materials for your rehab projects and pay the least amount of money. ...And more! Don't let your location dictate your financial freedom. Get the inside scoop to invest--and succeed--anywhere!
