Murder or Marriage Raisa Brown 2013-11-21 This is a story of love and loss of three childhood friends, Lauren, Maddison, and Jennifer, who had their whole lives planned out. Their future was bright. All three of them had been accepted to Spellman University. This would be the beginning of the rest of their lives. The girls had rented a beach house for the summer and had plans of lying out in the sun and pool parties and lots of shopping, until tragedy strikes, and Maddison learns that her brother is barely clinging to life, and the outcome does not look good. The girls pack up and return to their hometown to find out that her brother was murdered. Unable to console one another, this experience left them scarred for life. Their tight-knit bond was unraveling. All they ever knew was each other. How would they navigate life without one another? Before long, they were all leading different lives. If they only knew what was to come, would they have tried harder to stay tied to one another like the sheets they tied together to make tents when they had sleepovers? Truth is, no one could predict what was to happen next. They say time heals all wounds. I think Lauren, Maddison, and Jennifer would have to disagree.

Hold On, Someone is on the Other Line! Darmonica Alexander 2011-03-30 The book is about all of my dreams that I had that never came true. This book will also give the inside track of what I learned about me in my life as I travel through the journey of life. People have always talked about the truth about their life, but what about the whole truth, the good, the bad and the ugly? I am just a normal and regular person who is not perfect in no form shape or fashion. This book is just an insight of my life with all of the encounters coming from a very large family. By coming from a large family today caused many problems for me because I did not realize exactly how poor I was until I began to attend college. Not saying that most of our family didn't pull themselves out of their situations. Happiness came from the inside of your to come true. This book will show that I thought that it was the choices that I made, but in the end I found out that it wasn't only the choice, but it was other individual choices, but it was the decision of my parents that turned my life upside down and on its head. From my experience, as a child growing up here in America in the 60's and 70's life was to have dreams in our small little heads about becoming a fireman, sports photographer, doctor, or even a player playing sports. As a child having dreams are the responsibility of the parents to every effort to make their child dreams come true and this will make them successful and

most of all very happy with their accomplishments. See I love the game of football and other sports as well, such as baseball, basketball and track and field, but football was my favorite. The reason that I loved football was my most favorite. The reason it was my favorite because on the football field this was where the smaller player could get even with the bigger bullies who wanted to talk trash to some of the small players. While I played the game of football in the little Pop Warner Football League, I silence the bigger boys without talking trash. As this book unfolds you will find out that other people in my life and bad timing played a role in my unsuccessful dreams. Then you will find out that my life was not only my decision alone. But on the side of all of this I had a good life and I maintained to stay happiness. Now if I had not exposed my life to you, many people would never know the pain and hardship that I experienced in my life time. I am still the same Darmonica who you have know in the past who love sports and love lending a helping hand where it's needed. For the love of life is to love yourself, help another and take the worst of life and make the best of it, and I did just that. Without my family and friends I would not be the person who I am NOW! That's why I say, Hold on, someone is on the other line!

Ye Olde Brick Tavern Jean Maxellon Nash 2006-04-29 *Ye Olde Brick Tavern* is a romantic novel with a historical background that takes place in a rural town west of Boston. The story takes place at a time in American history when the country cried out for a better life and economic changes. The coming railroad, which was needed to make the change, became a

threat to the area where people feared their established way of life would be destroyed. High demands for hay would not longer be needed. Horse sales would quickly decline, making life insecure. Years earlier, taverns were built along the highways to receive weary travelers who came to expect restful sanctuary and meals after long journeys. These taverns were important as an only means of communication between the townspeople and the outside world. The taverns were a central force in the rural areas where life existed around them. Intimate relationships grew and talks of poverty and personal struggles took precedence. In this time of economic struggle of the 1840's, drinking became rampant, arguments on the coming railroad excited everyone and they were constant wherever men gathered. On many occasions, fights broke out. Farmer-fought farmer for allowing property to be taken by the railroad that was needed for laying down tracks across their farmlands and where trains could pass through to the next town. The human emotions of love-hate-envy prevail. Ye Olde Brick Tavern is a host to many different characters, each with his own hardships and problems. Jane, a young woman, whose husband is lost at sea, is left to struggle in order to survive. Hungry, tired, and penniless, she finds refuge when an ailing uncle asks for help in running his tavern. Needing a place to live, after being forced out of her husbands family house, Jane welcomes the opportunity to go there. The heavy demands of running another persons business become burdensome. Jane also cares for her recently orphaned nieces, Elizabeth and Kate. They discover living with their aunt difficult following the death of their parents. Forced to live a different life style, they found it bothersome. As they see how burdened their aunt is, they try easing her work load in the taverns kitchen. To please the

girls, Jane gives them false hopes of a better life. Jacob, in his early thirties, a determined man with apparent means and a suspicious, aristocratic air, pursues Jane with his romantic ideas and needs. With constant hope for her husband's return, she turns him away repeatedly. A native American, named Broken Wing (Bro), a permanent tavern resident, with a deep attachment for the property, sees and hears most of what goes on at the inn. He says little, fearing threats of being forced out. Several other characters lend color to the story. The troublesome neighbor, Ronus, who becomes enmeshed into the lives of some tavern people, adds to Jane's problems. And Robert, a quiet man, also adds to the heavy work load, but he needs a place to live while teaching at a nearby school and is welcome to stay. More burdens fall upon the tavern as railroad workers lay track closer to the road house, needing food and service. Neighbors, in hopes of learning more news on the railroads progress and news of other towns, frequent the tavern more often. Although these people add to the volume of work, their visits help increase the bar's income. As the nieces become more independent, wanting to return to their former life style, Jane once again gives them false hopes to quiet them. Luckily, Elizabeth finds a neighborhood friend and life goes on somewhat smoother. Jacob returns home after a long stay in the wilds. Jane turns to him with his long awaited love, and blindly accepts him as her admirer. Was this man right for her? Could he have become involved with another woman while waiting for Jane to change her mind? As lives change from events taking place at the tavern, it causes Jane many heartbreaks. The railroad veers north to another

The War of My Generation David Kieran 2015-08-04 Following the 9/11 attacks, approximately four million Americans have turned eighteen each year and more than fifty million children have been born. These members of the millennial and post-millennial generation have come of age in a moment marked by increased anxiety about terrorism, two protracted wars, and policies that have raised questions about the United States's role abroad and at home. Young people have not been shielded from the attacks or from the wars and policy debates that followed. Instead, they have been active participants—as potential military recruits and organizers for social justice amid anti-immigration policies, as students in schools learning about the attacks or readers of young adult literature about wars. The War of My Generation is the first essay collection to focus specifically on how the terrorist attacks and their aftermath have shaped these new generations of Americans. Drawing from a variety of disciplines, including anthropology, sociology, cultural studies, and literary studies, the essays cover a wide range of topics, from graphic war images in the

classroom to computer games designed to promote military recruitment to emails from parents in the combat zone. The collection considers what cultural factors and products have shaped young people's experience of the 9/11 attacks, the wars that have followed, and their experiences as emerging citizen-subjects in that moment. Revealing how young people understand the War on Terror—and how adults understand the way young people think—The War of My Generation offers groundbreaking research on catastrophic events still fresh in our minds.

The Whispers Within Nilsa L. Cleland 2013-04-17 I heard him staggering down the hallway, banging into the banister sloshing his drink of choice, most likely a gin and tonic, along the way. As he reached for her door, I felt my airways constrict and the walls of the room close in around me. My body stiffened, and my senses numbed, as I listened for the faint squeak of my bedroom door to open softly. I am, 17 year-old aristocratic-born Candace Spencer, and I quickly recognized the monster that prowled the darkness of my sanctuary. My breath faded as the muscular figures slithered into my room and onto my body. My nightmare only lasted a few minutes several times a week but I lost a part of my soul a little bit more during each horrific moment. I closed my eyes and lived one more death as he devoured me, but tonight I vowed it would end. The prominent and respected businessman revered by the community would not return to my bedroom again. Never again! I had no idea how long it had been away; a Spiritual Guide's time was measured very differently compared to human lifetime. Was it a day later or had one or twenty years passed? Right now I had my first assignment in my new form, Mari Santiago, a 16 year-old teenager struggling to survive her family's

domestic violence and sexual assaults in the tough streets of New York. The Whispers Within reveals the parallel of two dissimilar lives between two teenagers: one alive and the other dead. Mari comes to know Candace in a manner she would have never dreamt. Candace, having lived life at the opposite economic strata from the inner city life Mari was accustomed to, is only equipped with whispers of encouragement to defeat Mari's demons. How will Candace handle returning to earth as a spirit when she did not deal with her own nemesis while alive? Will Mari be consumed by the demons that surround her or will Candace pave a way for Mari to flee them? Will they both come to know each other's demons? Will Candace's whispers be enough for Mari to conquer her demons while building a new life?

Alone With The Bad Boy Suzana Thompson 2021-04-27 Alone overnight at the store with the school bad boy. That's not what I planned on when I hid in the bathroom until well after closing. I thought I was by myself, which was why I started trying on clothes outside the dressing room. I wasn't expecting to be caught in my underwear by anyone. Least of all by

the intimidating guy everyone warned me was dangerous. If that isn't bad enough, he is also my secret crush.

Parables of Love from Mom Chamisa Loraine Howard 2022-06-10 When my children were small and my husband in college, I continued to recreate the stories my parents told me as a child about animals having personalities and their teaching abilities. I used the stories to teach my children moral principles through fables. They knew if they went to bed by 8:00 p.m., they would get another chapter of some favorite pretend stories, spun out night after night, chapter by chapter. Many of these stories led to daytime adventures as the kids lifted up flat rocks in search of Harvey Rabbit's magic hole with the candy factory. They made horn toads into pets and fed a mouse in a box fitted with a running wheel. In 1989, I decided to write down some of those favorite stories to give my now grown children as a Christmas present. My artist sister illustrated these stories for me. The compilation of stories has been sitting in my cedar chest for 30 years, until recently, when I had them re-printed for my now growing family of grandchildren and great-grandchildren. God bless each and every child out there, that they may come to know in their head and heart that we are all God's angels placed here on earth with extraordinary abilities in order to love and bless each other's lives.
