Chapters address the difficult definition of the concept of utopia, and consider its relation to science fiction and other literary genres. The volume takes an innovative approach to the major themes predominating within the utopian and dystopian literary tradition, including feminism, romance and ecology, and explores in detail the vexed question of the purportedly 'western' nature of the concept of utopia. The reader is provided with a balanced overview of the evolution and current state of a long-standing, rich tradition of historical, political and literary scholarship.

An interview with Andrew Davies, whose work includes *Pride and Prejudice* (1995) and *Bleak House* (2005), reveals the practical choices and challenges that face the professional writer and adaptor. Peterson 2015-10-14 The Cambridge Companion to Victorian Women's Writing brings together chapters by leading scholars to provide innovative and comprehensive coverage of Victorian women writers' careers and literary achievements. It traces the Victorian woman writer's career - from making her debut to working with publishers and editors to achieving literary fame - and challenges previous thinking about genres in which women contributed with success. Chapters on poetry, including a discussion of poetry in colonial and imperial contexts, reveal women's engagements with each other and male writers.
