The Liturgy Betrayed Denis Crouan 2000 For more than thirty years the Church has been torn apart by a conflict that revolves around the question of Liturgy. In this instructive and practical work, Denis Crouan makes accessible to everyone the criteria which have been issued by the Magisterium and which define a truly Catholic Liturgy in today's Church. From a position of strength as an experienced theologian, Crouan attempts to show the real causes of the liturgical crisis that has been afflicting the Church. At the same time, his aim has been to highlight the sort of pastoral action that would allow this crisis to be overcome. His solution is not to argue for a return to the past, nor is it to promote arbitrary innovations as regards the liturgical celebration of our faith. Rather, he champions a restoration of the individual authority of the bishops in bringing about, solely with the help of the official liturgical texts, the proper application of the principles clearly enunciated by Sacrosanctum Concilium, Vatican II's Constitution on the Sacred Liturgy.

To Delight and Instruct Marcy Taylor 2009-11 This issue considers the sustainability of English studies and of the humanities as a whole in the context of shrinking budgets and job opportunities and of shifting resources. Exploring topics from academic freedom and globalization to digitization, diversity, and the value of a humanities-based education, "To Delight and Instruct" reexamines the work of the English professor and calls for a reassessment of the priorities and means that undergird it.

Contributors examine the faculty's fundamental responsibilities to classroom teaching, the university, and the community.

Attending to the relationship between changing technologies and literacy in a global environment, the issue not only argues for a reassertion and reimagining of the humanities in the contemporary university but, perhaps as important, helps articulate a way forward. Discourses of Empire Barbara Simerka 2015-11-09 The counter-epic is a literary style that developed in reaction to imperialist epic conventions as a means of scrutinizing the consequences of foreign conquest of dominated peoples. It also functioned as a transitional literary form, a bridge between epic narratives of military heroics and novelistic narratives of commercial success. In Discourses of Empire, Barbara Simerka examines the representation of militant Christian imperialism in early modern Spanish literature by focusing on this counter-epic discourse. Simerka is drawn to literary texts that questioned or challenged the imperial project of the Hapsburg monarchy in northern Europe and the New World. She notes the variety of critical ideas across the spectrum of diplomatic, juridical, economic, theological, philosophical, and literary writings, and she argues that the presence of such competing discourses challenges the frequent assumption of a univocal, hegemonic culture in Spain during the imperial period. Simerka is especially alert to the ways in which different discourses—hegemonic, residual, emergent—coexist and compete simultaneously in the mediation of power. Discourses of Empire offers fresh insight into the political and intellectual conditions of Hapsburg imperialism, illuminating some rarely examined literary genres, such as burlesque epics, history plays, and indiano drama. Indeed, a special feature of the book is a chapter devoted specifically to indiano literature. Simerka's thorough working knowledge of contemporary literary theory and her inclusion of American, English, and French texts as points of comparison contribute much to current studies of Spanish Golden Age literature.

Whatever Happened to Delight? J. Barrie Shepherd 2006 Preaching is an art, J. Barrie Shepherd argues, and the sermon is an art form, an exercise in creativity and imagination. But all too often preaching suffers from a lack of imagination and a loss of the joy and wonder that attracted the crowds to Jesus' words two thousand years ago. In this book, based on his 2003 Beecher Lectures at Yale Divinity School, Shepherd hopes to encourage the preacher toward a more creative vision for the sermon. His approach is spontaneous, eclectic, intuitive, and daring. Shepherd's purpose is to encourage the preacher to think of life as filled with God's presence, to search for the presence, and to use images and words to unveil that presence. The end result is a sermon that is full of astonishment and delight.

The Musical as Drama Scott McMillin 2014-10-12 Derived from the colorful traditions of vaudeville, burlesque, revue, and operetta, the musical has blossomed into America's most popular form of theater. Scott McMillin has developed a fresh aesthetic theory of this underrated art form, exploring the musical as a type of drama deserving the kind of critical and theoretical regard given to Chekhov or opera. Until recently, the musical has been considered either an "integrated" form of theater or an inferior sibling of opera. McMillin demonstrates that neither of these views is accurate, and that the musical holds true to the disjunctive and irreverent forms of popular entertainment from which it arose a century ago. Critics and composers have long held the musical to the standards applied to opera, asserting that each piece should work together to create a seamless drama. But McMillin argues that the musical is a different form of theater, requiring the suspension of the plot for song. The musical's success lies not in the smoothness of unity, but in the crackle of difference. While disparate, the dancing, music, dialogue, and songs combine to explore different aspects of the action and the characters. Discussing composers and writers such as Rodgers and Hammerstein, Stephen Sondheim, Kander and Ebb, Leonard Bernstein, and Jerome Kern, The Musical as Drama describes the continuity of this distinctively American dramatic genre, from the shows of the 1920s and 1930s to the musicals of today.

The Dawn Stand-to Christopher Lawrence Hiscox 2007-12 In 1936, at the age of 18, Peter Mills, son of a Norfolk doctor, went in search of adventure. He sailed for Kenya, then sparsely populated, teeming with game, and almost untouched by civilization. He set out to hunt and explore but funds ran out and he had to find an income to avoid repatriation. In a remote police station he spoke to the Inspector in charge. An hour later, he joined the prestigious Kenya Police. His romantic exploits, gun battles with wild tribesmen, cattle rustlers and criminals, encounters with dangerous animals and eccentric settlers are a hair-raising and often hilarious adventure. Eventually, as a high-ranking officer he played a crucial role in the war against the Mau Mau. This is a thrilling story of the last days of Empire and one man's account of his exploits in a beautiful, untamed land peopled by eccentric settlers and primitive tribes people. A story of the courage and tenacity of one rugged individualist and his part in bringing civilization to that land.
